

Typ: TH-140

Art.-No.: C1809409

Features:

For capillary and frost protection thermostats JET, JMT with X in the designation, for example, JET-120X or JMT-202X and JTF, 140mm

Application:

Technical Data:

Configuration:	For capillary and frost protection thermostats JET, JMT with X in the designation, for example, JET-120X or JMT-202X and JTF
Diameter inner x outer:	10 x 12 mm
Length of immersion sleeve (mm):	140
Material of immersion sleeve:	MS nickel-plated
max. pressure:	20 bar
