

Typ: PFC 47/6m

Art.-No.: G9130180

Features:

Pendulum temperature sensor, NTC 47K, "Sensor 2", 2-conductor, PVC, 6m

Application:

Technical Data:

Connecting cables:	6 m, 2 x 0,5 mm ²
Electrical connection:	only at safety extra-low voltage, max. 30VAC / 42VDC, 2-conductor
Sensor:	NTC, internal
Sensor dimensions:	Ø 60 mm
Sensor wire extendable up to:	depending on the cross-section of the conductor and the sensor type
Sensor material:	Al black, conductor PVC
Sensor type:	NTC 47K, "Sensor 2"
Weight:	ca. 150
Storage temperature:	-30...+80 °C
max. measurement current:	

Installation/fastening:	hanging
Degree of protection:	IP 65
Protection class:	III
Sensor characteristic curves:	The sensor characteristic curves can be found under Miscellaneous
Safety and EMC:	according to DIN EN 60730
Ambient temperature up to:	80
Ambient temperature from:	-30
Permissible atmospheric humidity:	max. 95% r.h., non-condensing
