

# Typ: SW-200

**Art.-No.:** C1809219

**Features:**

Protecting coil for capillary fastening in the air channel (JET / JMT / JTF / WR 81) and all sleeve sensors HF and air sensors LF, cable gland 7,8 mm, 200 mm

**Application:**

**Technical Data:**

Configuration:	Protecting coil for capillary fastening in the air channel (JET / JMT / JTF / WR 81) and all sleeve sensors HF and air sensors LF, cable gland 7,8 mm
Diameter inner x outer:	11 x 17 mm
Length of protecting coil (mm):	200
Material of protecting coil:	Steel, nickel-plated
