

# Typ: TH-280

**Art.-No.:** C1809440

**Features:**

For sensors HF Ø 7 mm, capillary and frost protection thermostats JET / JMT / WR 81, 280mm

**Application:**

**Technical Data:**

Configuration:	For sensors HF Ø 7 mm, capillary and frost protection thermostats JET / JMT / WR 81
Diameter inner x outer:	8 x 10 mm
Length of immersion sleeve (mm):	280
Material of immersion sleeve:	MS nickel-plated
max. pressure:	20 bar
