

Typ: TH-280

Art.-No.: C1809440

Features:

For sensors HF Ø 7 mm, capillary and frost protection thermostats JET / JMT / WR 81, 280mm

Application:

Technical Data:

Configuration:	For sensors HF Ø 7 mm, capillary and frost protection thermostats JET / JMT / WR 81
Diameter inner x outer:	8 x 10 mm
Length of immersion sleeve (mm):	280
Material of immersion sleeve:	MS nickel-plated
max. pressure:	20 bar
