

Typ: SW-200-12

Art.-No.: C1809220

Features:

Protecting coil for capillary fastening in the air channel (JET / JMT / JTF / WR 81) and all sleeve sensors HF and air sensors LF, cable gland 11,8 mm, 200 mm

Application:

Technical Data:

Configuration:	Protecting coil for capillary fastening in the air channel (JET / JMT / JTF / WR 81) and all sleeve sensors HF and air sensors LF, cable gland 11,8 mm
Diameter inner x outer:	11 x 17 mm
Length of protecting coil (mm):	200
Material of protecting coil:	Steel, nickel-plated
