

## Datasheet TPS 1

Articlenumber: G8000299

Dew point sensor for cooling ceilings/mats, 10m cable

Use: Drywall cooling ceiling (gypsum plasterboard) with capillary tube matting on top, metal cooling ceiling with integrated capillary tube system. Mounting / attachment using clips on the cooling ceiling capillary tube.

Assembly	Sensor, 2 clips for cooling pad
Bearing temperature, lower value	-20 °C
Bearing temperature, upper value	70 °C
Depth	36 mm
Height	70 mm
Length of supply line	10 m
Measurement of dew point	Yes
Mounting / attachment	To the cooling ceiling capillary pipe
Type of protection	IP30
Version of sensor	Humidity sensor
Width	21,5 mm
With explosion protection	No
With mounting material	Yes
With supply line	Yes
