

## Datasheet TPS 3

Articlenumber: SN120000

dew point sensor for piping, 10m cable

Use: Piping carrying cold water. Mounting / attachment using cable tie on tube.

Assembly	Sensor, 2 cable ties
Bearing temperature, lower value	-20 °C
Bearing temperature, upper value	70 °C
Depth	0,5 mm
Height	40 mm
Length of supply line	10 m
Measurement of dew point	Yes
Mounting / attachment	Pipe mounting
Type of protection	Other
Version of sensor	Humidity sensor
Width	28 mm
With explosion protection	No
With mounting material	Yes
With supply line	Yes
